Where YOU are central

Humboldt County's Hometown AIRSHOW

Rumble Over the Redwoods is thrilled to announce its return on **August 8–9, 2026**, at ACV Airport, featuring an incredible lineup of performers, thrilling aerobatic displays, and engaging activities for the whole family. Drawing 10,000+ attendees and visitors from 18 states, the event offers a unique, all-ages, family-friendly experience.

The strong support we've received over the past two years reflects the generosity and commitment of our community and local business partners. That continued support has been essential in sustaining this event and keeping it firmly rooted here in Humboldt County.

Rumble Over the Redwoods will take on special meaning as we proudly pay tribute to **America's 250th Anniversary**. Together with our sponsors, we look forward to delivering a true hometown airshow—one that honors service, brings families together, and creates lasting benefits for our community.

Thank you for your time and consideration.

THIS IS OUR WHY

Christopher Myer

"I'm a bit of an airshow snob who grew up at the El Toro shows and later spent years on an aircraft carrier watching flight ops, and I wanted to tell you your 2024 show was my daughter Ela's first and it absolutely lit her up, to the point that she talked about it for months and we've started chasing other shows just to feed that spark; your 2025 event is still the best I've attended, with impeccable cadence and virtually no downtime, crisp audio and narration, polished production, and a terrific mix of acts from warbirds to the Coast Guard rescue demonstration, skydivers, the jet car, and the addition of Sasquatch, so thank you for building an event that inspires kids and impresses seasoned viewers alike, and please keep doing what you do and our family will be back year after year."
